STAIRNOSING 17 series-rebated

Stair Nosing Perth offer a comprehensive range of architecturally designed profiles to meet every demand, from heavy duty traffic in railway stations to the more general retail/office use, providing maximum pedestrian safety and WHS requirements.

This non-slip stair nosing is suitable for broadloom carpet, carpet tiles and vinyl.

We have found that the additional 6 mm on the face gives extra strength to the nosing and covers the riser much better than a typical 10 mm stair nosing.

This 16 mm non slip stair nosing is a better choice for carpet. The rebate at the back is designed for vinyl
